write your name in steam / in the air / in a song  
selena's heart goes bidi bidi / your laugh goes bom bom  
the cassette tape is a love song / but you only love your mom  
who is getting ready/ maybe for work /maybe to go out  
you remember shower droplets emphasizing selena's *cadavez*  
*cadavez* your mom leaves / *γ se emociona*  
she's 21 and works in a convenience store near the Argyle redline  
four dollars and twenty-five cents an hour to keep her daughter  
*bidi bidi bom bom-ing*  
high school drop out for her corazón,  
her little selena singing the only spanish she knows  
you only have your mom / *γ el corazón igual*  
selena sings *no razona* about men who should have loved / who never loved  
but i don't  
*me canta así* / for my ma  
*mi corazón quiere cantar así*
